📍 Bucharest, Romania  Tudor Bondoc

ABOUT ME

I am student at the Automatic Control and Computers Faculty, University Politehnica of Bucharest and I am keen to start a career and gain experience in the IT industry.

I have been passionate about computers since I was kid and my entire curriculum has been driven by the objective of a successful career in the IT field.

I want to start working part-time or internship in the IT domain (or any related field) in order to practice the knowledge gained during high school and college.

I am a persevering, dynamic, motivated and result oriented person.
